

Worth Investment Group, LLC Engages ARC-Insight

FOR IMMEDIATE RELEASE

Jackson, Michigan – October 13th, 2009. Worth Investment Group, LLC is proud to announce that in an effort to maintain complete financial and operational transparency and to provide the utmost support to our Broker Dealer, Registered Investment Advisor (RIA) and Financial Advisor relationships, we have engaged ARC-Insight to provide product education services to our network of relationships with the highest level of regulatory compliance.

ARC-Insight, based in Worthington, Ohio, is a web-based service established to provide Alternative Investment industry insight and program education to Broker Dealers, their Firm Members and Financial Advisors. Their unique system also provides both Broker Dealers and Sponsors with an efficient process for introducing and monitoring new offerings within the Alternative Investment arena -- all founded in regulatory-based directives.

Worth Investment Group, LLC is a diversified private holding company focused on acquiring well-established, highly profitable companies in the middle-market with valuations from \$4-20 million, partnering with management to build value, and holding the companies for the long term.

Worth Investment Group, LLC was established to take full advantage of the current effects of low corporate valuations, expertise of its manager Worth Capital, competition, constraints of unions and out-sourcing along with limited financing availability or liquidity for business owners searching for exit strategies while adhering to a high level of ethical business practices.

Worth Investment Group, LLC has strategically partnered with some of the most seasoned financial servicing firms in the country to ensure consistent lines of communication, integrity and transparency, and world-class client servicing in synergy with Worth Investment Group, LLC's management.
