

Worth Investment Group, LLC Forms Available on Laser App Software

FOR IMMEDIATE RELEASE

Jackson, Michigan – October 15th, 2009. Worth Capital, LLC is proud to announce that Worth Investment Group, LLC recently added its account forms and custodial paperwork to Laser App, the financial industry standard in form-filling software.

Laser App, based in Ontario, CA, is the provider of forms solutions for some of the largest broker-dealers, mutual fund companies, insurance companies, and financial planners and agents in the country. All of their product lines are designed to cut down tedious paperwork by filling out forms from a current library of online applications. Data can flow into the form seamlessly from a wide variety of databases, increasing the accuracy of the data on the form and decreasing the time it takes to fill out paperwork. Laser App pulls broker, rep, and client data from contact management software to automatically fill out securities, annuity, and various other financial forms quickly, accurately and efficiently. Laser App users can update newly added financial forms and form updates from the web twenty-four hours a day.

Worth Investment Group, LLC is a diversified private holding company focused on acquiring well-established, highly profitable companies in the middle-market with valuations from \$4-20

million, partnering with management to build value, and holding the companies for the long term.

Worth Investment Group, LLC was established to take full advantage of the current effects of low corporate valuations, expertise of its manager Worth Capital, competition, constraints of unions and out-sourcing along with limited financing availability or liquidity for business owners searching for exit strategies while adhering to a high level of ethical business practices.

Worth Investment Group, LLC has strategically partnered with some of the most seasoned financial servicing firms in the country to ensure consistent lines of communication, integrity and transparency, and world-class client servicing in synergy with Worth Investment Group, LLC's management.
